Re: Application by Verizon-New England Inc. for Authorization to Provide In-Region  
InterLATA Services in the State of Rhode Island, CC Docket No. 01-324

Dear Mr. Caton:

On Tuesday February 5, 2002, Peter Keisler, Robert Quinn and the undersigned, all representing AT&T, met with Kyle Dixon, Legal Advisor to Chairman Powell. Consistent with its comments filed in this proceeding, AT&T reiterated its arguments that Verizon's UNE rates in Rhode Island are not TELRIC-compliant and Verizon's long distance entry in Rhode Island is not in the public interest. In addition, we discussed the New York Public Service Commission's January 28, 2002 UNE Order and demonstrated that using those rates as a benchmark provides further evidence that Verizon's rates in Rhode Island do not comply with TELRIC principles.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in cursive script that reads "Amy L. Alvarez".
